Angela Spaxman provides insight and support to help managers and professionals in Asia achieve career fulfillment and success. Her clients are:

- learning to lead motivated and empowered teams;
- developing their skills and reputations for promotion;
- creating careers and lives that suit them perfectly.

Angela also works with organizations that are implementing leadership development or culture change programs involving coaching.

Angela is one of the leading professional coaches in Hong Kong. She has been coaching since 2000 and has 17 years of experience in the people-development field as a coach, corporate trainer and consultant. She also worked for 10 years in planning, engineering and management. Angela's extensive leadership experience with volunteer groups gives her perspective for strategic leadership, and insight into how to inspire people to take action.

She is well connected in the coaching field and she associates with a selection of highly skilled coaches, trainers and consultants for different projects.

COACHING SPECIALTIES
